Claude Debussy
(1862 - 1918)

Suite Bergamasque
Clair de lune

Arrangement Jonny Raper

Performed by Panavanti
November, 2020

Clair de lune is one of Debussy's most well known and well loved pieces for piano solo. Composition began in 1880 when Debussy was just eighteen. It is the third of four movements that make up his Suite Bergamasque. *Clair de lune* is intoxicating, dream like music for a moonlit evening.
